October 6, 2011

To Whom It May Concern:

I had the pleasure of working with Lindsey Baker since he started at the Club in 2007. During that time I have watched how much he developed in his position and watched his passion for his field grow. The Hartford Golf Club maintenance and playing conditions vastly improved during his time here. His ability to lead a crew, develop maintenance plans, take the lead on capital projects, and assist with communication to the members are all strengths that greatly assisted how far the Club has come along since he joined the team.

It has been my experience that the unique challenges and level of intensity involved with maintaining a private club facility tends to expose individuals with knowledge, confidence and strong leadership qualities. This was certainly the case with Lindsey as he consistently performed beyond expectation and was very successful at motivating those around him to do the same. His dedication and commitment to excellence made a significant difference in the playing conditions at The Hartford Golf Club. I offer this letter of recommendation with complete confidence in his abilities as a golf course superintendent.

Respectfully yours,

Brian S. Higgins
General Manager
